
2023 Analyst Position

Northern Economics, an Alaska-based applied economics consulting firm that does project work for a variety of clients in energy, transportation, fisheries, resource management, and community and infrastructure development, has an opening for a talented individual on our team. At present this is a 100% remote position.

We seek a flexible, life-long learner who is willing to work hard and grow in the position. We offer a stimulating and collegial work environment emphasizing professional growth and client service while valuing objectivity, dedication, a sense of humor, integrity, and creative problem solving. Please see our [Careers](#) page for a discussion of the qualities we are seeking in candidates and how Northern Economics supports its employees.

Position Description

Required qualifications:

- Bachelor's degree in an appropriate discipline
- Ability to independently find, analyze, and summarize economic data
- Demonstration of strong analytical, writing, speaking, and computer skills
- Demonstrated ability to work in team environment and meet deadlines
- Ability to work independently, set personal deadlines, develop plans for data collection and writing, and identify potential solutions to challenges

Preferred qualifications:

- Master's degree in an appropriate discipline
- Two years applied research and writing experience (either via Master's program or work experience)

Responsibilities include:

- Conducting research and analysis to support project needs
- Inputting, organizing, and analyzing information using analytical and statistical software
- Assisting more experienced staff with benefit/cost analyses, feasibility studies, economic impact assessments, environmental impact statements, etc.
- Writing reports related to economic and financial analysis and such other duties as assigned
- Working with team members to complete projects on time and on budget

Salary and Benefits

\$60,000–\$80,000. Northern Economics offers a competitive salary and benefits package, including 401(k), medical and dental insurance, and vacation and sick leave time.

How to Apply

If you wish to apply for the position please submit a cover letter, resume, transcript (unofficial), and short writing sample in PDF format to job2023@norecon.com. We will be accepting applications and conducting interviews primarily through November 3, 2023, but the recruitment period will remain open until we have recruited a suitable candidate.

About Northern Economics

Our mission is to help society make better decisions through the analysis we provide. We believe in hiring the best people and trusting them to do their best work in a flexible and supportive work environment.
